COLLECTION OF CHILDREN

Unfortunately we have had reports from parents of a few parents approaching children directly in the playground where there have been disagreements with their own child. This is never a good idea as it tends to increase animosity between children and parents, additionally if doing this you are putting yourself at risk of a safeguarding complaint from the other family involved. Where there are issues between children please make an appointment to see your child's class teacher to discuss how we can support you in resolving this.
