

Friday 21st April 2017

As parents you will no doubt be aware, following significant media coverage in the last few weeks and months, schools budgets have been reduced significantly over the last few years and this is forecast to continue for the next few years at least. As a result the school has had to operate a non-replacement policy for Teaching Assistants leaving the school (5) over the last few years and has had to cut back on non-essential spends around the school. We can assure parents that we have done everything we can to ensure that these cuts do not impact on learning or on the safety and wellbeing of our pupils.

We will however have to make further cuts in the coming months which unfortunately will impact upon our extra curricular options and educational visits. Whilst parents are asked to make contributions towards these visits these cover less than half of the cost of visits and whilst the school had a buffer to cover these costs previously we are no longer in the position to do so. We will therefore aim to utilise local free facilities more often, free public transport after 9.30am (as schools cannot use public transport before this) and to attend facilities which offer free entry to schools in general. Hopefully this will also limit the amount of money which we request from parents. Unfortunately this cannot be the case for school journey in Years 4 and 6 and we will review these over the next half term to assess their cost and viability.

As always everything we do will be aimed to provide the best for our pupils and regardless of funding this will not change. *Peter Rhodes Headteacher*
