Congratulations to our Year 6 pupils on their excellent SATs results, which were sent out at the end of last week. They are evidence of your hard work and dedication as well as that of your teachers and families. Results as in 2016 are above National Averages and continue to rise year on year. Well done!

YEAR 6 PRODUCTION 2017

Year 6 have been working hard on their production of Olivia and we look forward to sharing this with Parents at the afternoon and evening performances. This is all part of celebrating children's time at Hills Grove and we also look forward to welcoming Year 6 parents on Thursday morning for the Year 6 Leavers service.

LONDON YOUTH GAMES BASKETBALL

Our Basketball Team represented Bexley at the London Youth Games on Thursday last week. They played superbly going unbeaten on their way to the quarter finals, however came up against an extremely tall team from Barking and Dagenham at this stage and were knocked out by the eventual winners. They did however come a fine 5th out of all London Boroughs and should be very proud of their achievement.

MEET THE TEACHER: PARENTS MEETING

We have a Meet the teacher: Parents Meeting on Monday 11th September 2017 in order to introduce you to new teachers and to talk through school systems and curriculum changes for 2017-2018. We look forward to seeing you there.

NEARLY THE END OF ANOTHER YEAR

As next week is a short week, this will be the last Newsletter of the Year. On behalf of all of the staff and pupils I would like to thank you all for your support and encouragement throughout the school Year. Without parent support it would be near impossible to run the school or to see the great progress we have in 2016-2017. As our Year 6 leave we wish them all of the best in their new schools and we look forward to welcoming all other children back for the first day of Autumn Term on Tuesday 5th September.

Attendance has a huge impact on progress and ensures that our children do not develop gaps in their learning which cause difficulties later on in the school, with children unable to make connections between their learning to support their ability to use and apply.
